

Dear Students and Parents,

We at BMSSA have prioritised convenient learning for students in these trying times, with COVID restrictions on all our movements and normal routines.

Under the directive of The Government and The (VTU) University, the BMS ET has supported us to take up this initiative of 'on-line' classes.

Faculty have once again come together to face this challenge and we have worked out 'online' classes, static and active, across all semesters, as per timetables, sometimes, with 10% flexibility.

I request all your kind cooperation in being able to tide over these times.

Please DEFOCUS on all unpleasant happenings around, reflect inwards to strengthen your morale and STAY SAFE by being distanced from social gatherings.

Follow instructions regarding classes, assignments from your teachers.

Wishing you the best !!

Dr. Sapna Papu
Director
BMS School of Architecture
